

Monza News Memorial Day 2009

Topeka held our first Monza as part of Region 7 on Memorial Weekend. The region change has partnered us with the Minnesota club. They were able to bring down 28 cars for this fantastic States race event.

We had 86 total cars for the weekend, made up of Topeka, Minnesota, and some guests from both Oklahoma and Illinois to make for a picture perfect weather weekend. To compliment the weather, we had wonderful volunteers to make this event successful. Thank you to everyone that helped in the planning of the Monza and during the whole weekend from donations, to lights, to putting a tent up and taking it back down, tech, fuel, donation dinner, raffle everything, and there are no words for the people that run the show in the pits, tower, grounds keeping and concessions stand, you are the best!
